Road safety is ensured by the Préfecture de Police, the medical service by the Organiser's medical service provider and, where applicable, by an approved civil security association. 1.9. ACCESS TO THE SITE AND SECURITY

The introduction onto the Event site of any object likely to be dangerous or illegal, in particular drugs, firearms, blunt objects and explosive materials, is strictly forbidden.

In order to gain access to the site and to be able to participate in the Event, the participant expressly acknowledges and accepts that the Organiser may call upon security personnel, who will be authorised to check both persons and their personal belongings. Any person wishing to access the

site agrees to submit to this control. In the event of refusal to submit to this control, the person will not be authorised to access the site.

The Organiser and the security staff are entitled to refuse access to or continuation of the Event to participants whose behaviour is likely to disrupt the smooth running of the Event, in particular and without limitation: introduction of any object which could potentially hinder in any way whatsoever the progress of the Event, traffic and/or the safety of other participants; introduction of any distinctive sign promoting, in any form whatsoever, a political, philosophical or religious opinion likely to damage the image of the Event; abnormal, inappropriate or amoral behaviour on the part of the participant, particularly if the latter appears to be under the influence of drugs or alcohol.

The route takes place on roads closed to traffic. However, once the vehicle closing the Event has passed, participants must comply with the traffic regulations of the Highway Code.

The Organiser will put in place a certain number of devices to ensure the safety of the route (for example: signposting, motorbike flags indicating dangerous areas, signs indicating passages requiring particular attention).

Any dangerous points along the route will also be referenced and communicated on the Event website.

Participants must comply with the safety instructions given by the Organiser's staff throughout the route.

The course safety system will end at the finish line.

1.10. TIMING

An electronic chip in the form of a strip will be attached to each participant's number. It will be automatically initialised at the start line and will be used to check the regularity of the race every five (5) kilometres and at the finish. To ensure normal operation, the chip must not be bent or damaged. A participant who does not follow the course, marked out by the Organiser by human and/or material means, will not be classified at the finish.

The electronic detection system is selected according to strict reliability criteria. Despite the tests carried out by the manufacturers, there is still a very small percentage of non-detection. The absence of data resulting from this non-detection will not allow the Organiser to include the official or real time of the participant concerned in the classification. The Organiser cannot be held responsible for this.

1.11. RETIREMENTS AND TIME LIMITS

Except in the case of injury, any participant wishing to abandon the race must, as far as possible, inform a member of the organisers, who will invalidate his or her race number.

Participants will have a maximum time of 1h30 (one hour and thirty minutes) from the last participant crossing the start line to complete the course to the finish line. Any participant exceeding this maximum time will be downgraded and will have to comply with the traffic regulations of French Code de la route.

In order to ensure the safety of the participants and to enable us to plan the reopening of the roads to motor traffic, it is essential that the participants do not exceed the times set for the end of the Event.

1.12. INSURANCES

Civil liability: In accordance with current legislation, the Organiser has taken out insurance covering the financial consequences of its civil liability, that of its employees and that of all participants in the Event. With regard to the civil liability of the participants (including that of the children in the "SAS poussettes by Thule"), the intervention of this insurance for the latter is limited to accidents that they may cause during the Event.

This cover will be provided in addition to, or in the absence of, any other insurance from which the participants may benefit. Proof of insurance cover may be provided to any participant on request.

Cancellation insurance: All participants in the Event may take out a "PASS EVENT J'aime courir" when they register for the Event, containing cancellation insurance, as set out in article 1.6. of these Rules, a copy of which may be consulted at the following address: http://www.jaimecourir.fr/pdf/AssuranceAnnulation_PassEvent.pdf.

Individual accident: All participants in the Event, whether or not they are members of a sports federation, can take out insurance when they register for the Event, or at the latest when they collect their race number, guaranteeing the payment of a lump sum in the event of bodily injury (death or permanent disability) due to an accident occurring on the course of the Event. Compensation, depending on the damage and the cover limits chosen, is paid if the insured person is the victim of an accident while taking part in the Event.

THIS INSURANCE IS OPTIONAL BUT STRONGLY RECOMMENDED. It can be taken out in addition to, or as an alternative to, similar insurance held through a sports licence.

Such insurance can be taken out with the insurer of your choice at the time of registration, or with the broker MARSH, whose offers can be found here: <https://aso.sam-assurance.com/adidas10Kparis/>. If you have any further questions, please contact Marsh (relationclient.aso@sam-assurance.com).

Material damage: The Organiser declines all liability in the event of damage (theft, breakage, loss, etc.) to participants' personal property, even if the Organiser is responsible for its surveillance. This applies in particular to any damage suffered by the participant's personal belongings while they are left in any lockers set up during the Event by the Organiser. Participants may not claim against the Organiser for any theft or damage caused to their equipment. It is the responsibility of each participant to take out insurance to cover these risks.
