The Organizer cannot be held responsible.

1.7. FEEDING POINTS AND ASSISTANCE

Provisions will be available to the runners.

Each participant will have access to supplies only on the day of the race in which they are registered.

Each participant must ensure that, when leaving a refuelling point, they have the amount of water and food they will need to go to the next refuelling point.

Personal assistance is strictly limited to the "feeding zones". It is strictly forbidden to change the bicycle or the bicycle wheel during the race. Technical assistance is authorized between participants.

No follower vehicle is allowed.

On the route, the only official motorcycles allowed are those clearly wearing an official chasuble.

On EnduRoc, in the event of a competitor falling, it is the responsibility of each participant to stop to alerting the Organiser. Any competitor assisting another participant during a special stage must make themselves known on the arrival area. They will be authorized to restart the whole course.

On the Tri Roc, no assistance between participants is allowed.

On the Canyon Roc Marathon : As provided by the regulations (art 4.2.048, UCI Cycling Sport Regulations), it is the responsibility of the rider or their team (UCI or national MTB) to deposit their equipment in the technical assistance zone. Only the rider themselves or one of their teammates (same UCI MTB team or same national team) can repair or change equipment in this area. In addition, technical assistance may be provided outside the zones, between teammates of the same UCI MTB team or of the same national team (art 4.2.049, UCI Cycling Sport Regulations). The technical assistance zones are the same as the feeding points.

1.8. GENERAL SERVICES

Road safety is managed by the Service départemental d'incendie et de secours du Var (83). They may decide to eliminate a participant for medical reasons. Under no circumstances will the Organiser be held liable by participants who have not finished their race, following a decision to eliminate that person taken by the general services.

1.9. ACCESS TO THE SITE AND SECURITY

It is strictly forbidden to bring any objects to the Event site that may be dangerous or illegal, in particular drugs, firearms, blunt weapons and explosives.

To access the site and take part in the Event, the participant recognises and expressly agrees that the Organiser may call upon security personnel who will be authorised to check both people as well as inspecting their personal belongings. Everyone who wishes to access the site must comply with this check. If they refuse to do so they will not be authorised to access the site.

The Organiser and the security staff may refuse access to the Event or prevent participants from taking part if their behaviour is likely to disturb the smooth running of the Event notably under the following, non-exhaustive circumstances: the use of any object which may hinder the race, the circulation and/or safety of other participants; the use of any distinctive promotion, in any form, of an opinion [political, philosophical or religious] likely to damage the image of the Event; abnormal, inappropriate or immoral behaviour of the participant, in particular if they appear to be under the influence of drugs or alcohol.

The Organiser will put a number of measures in place to ensure the route is safe: signage, motorcyclists with flags indicating dangerous areas, signs indicating sections requiring particular attention.

The participants must respect the safety instructions given by the Organiser's personnel along the whole route.

The safety measures will end at the finish line.

It is essential that each participant **RESPECT THE FRENCH HIGHWAY CODE** throughout the course, as well as any instruction given by the Organizer, its staff or any relevant authority.

For everyone's safety, it is essential that each Participant respect the course that will be visible by material (arrows and "rubalise") and human (physical person "orienters").

The routes have portions open to traffic or are fully opened to traffic, requiring special vigilance from the Participants.

Security officer will be present at certain intersections / road crossings to ease the crossing/passage of riders, without however being able to ensure their priority passage.

1.10. WITHDRAWALS AND TIME LIMITS

If a participant wishes to withdraw for any reason other than injury, he should, if at all possible, do so at one of the recovery points set up by the Organiser. The participant should find the person in charge of the area, who will permanently invalidate his race number. Return transportation for participants and bikes will be available at each of these points.

In order to ensure the participants' safety and to allow the re-opening of roads to cars to be scheduled, it is essential that participants do not exceed the end Event time limits.

Time limits at the recovery points will be identified, communicated to participants (via the Event's website, social networks and at the Village where race numbers will be collected in Albertville) and put in place. These time limits will correspond to the times after which it will no longer be possible to leave the indicated place (other than by following the alternative route under the terms set out below).

If participants do not leave the recovery points before the specified time, they will be eliminated from the race and will no longer feature in the Event's rankings. Return transportation for participants and bikes will be available at each of these points.

The Organizer will set up a limit switch, consisting of one or two motorcycles, to follow the last competitor.

Each participant overtaken by a limit switch motorbike is disqualified. Participants will then ride under their own responsibility.

On the Tri Roc, all participants must have reached the transition zone between mountain biking and running (T2) no later than 4 hours after the start. Beyond this deadline, participants will not be allowed to enter the running course.
